**audio and video technology integration**

---

*Our **sound** achieves a  
wider spectrum  
with **greater clarity**  
and our **video** is  
all **high-definition**.*

# Design AND Integration

**Don't just buy products and hope** that they all work together.

To **communicate your message**, you need to involve yourself with **Design and Integration** to create a system that will **look better, sound better, and cost less.**

# What IF?

# What IF?

What if customers could reach out and get great advice from **people who care** about more than a sale?

What if there was a company who valued **long-term relationships and customization** over cookie-cutter ideas and the selling of widgets?

Your<sup>VISION</sup>

Your<sup>VISION</sup>

What if you could find a partner who understood the overall impact of the system you are purchasing: that once the products are installed, **you still have a team to build and a vision to support?**

Your vision is the center of our approach. Your message is the focus of our partnership with you.

# Integration

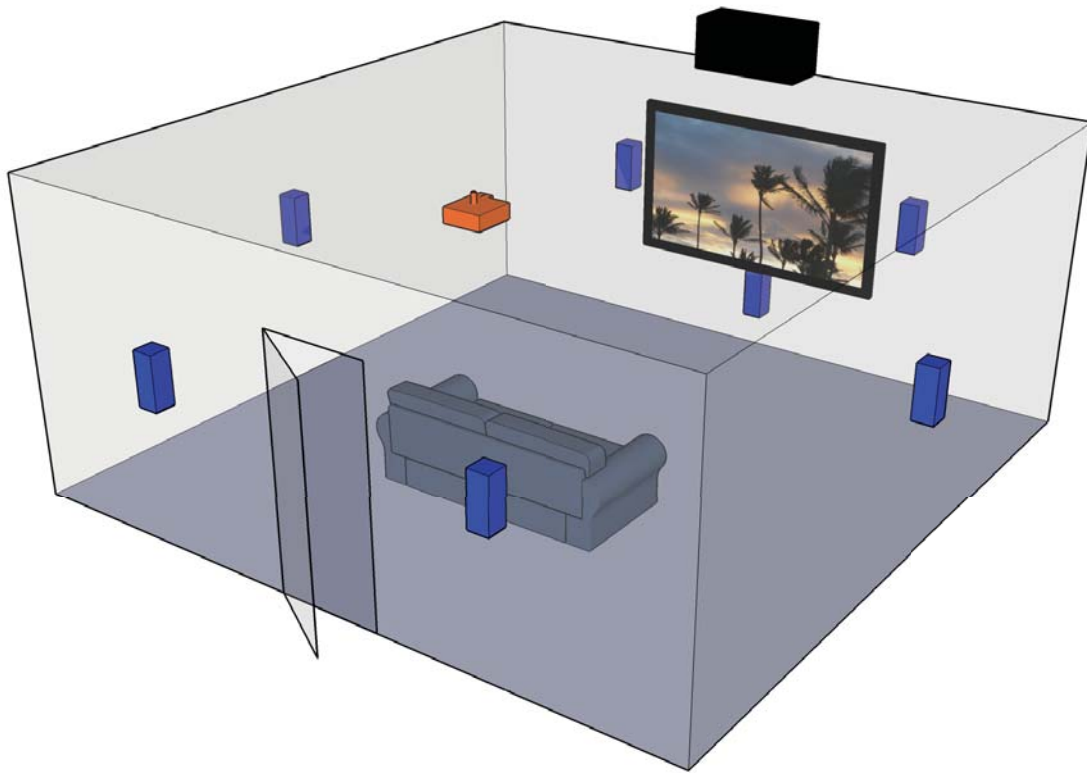

## Integration

By using **technology integration**, we achieve a delivery that will **send your message clearly**, and at the same time **reduce your overall costs**.

Avashare will sit down with you and learn **your vision**, learn **your message** and design an integrated system that **communicates your message** with greater clarity and greater power.

# Interactive

Interactive

Whether your need is residential or commercial, Avashare's experienced team of technology specialists generate **fully interactive 3D environments** of your project to ensure we capture your vision and communicate your message.

# Performance

# Performance

By **utilizing innovative technologies** for each component of your complete system, we **guarantee performance.**

Instead of a shotgun approach to your integrated system, Avashare provides detailed diagrams of **exactly how your message will be delivered.**

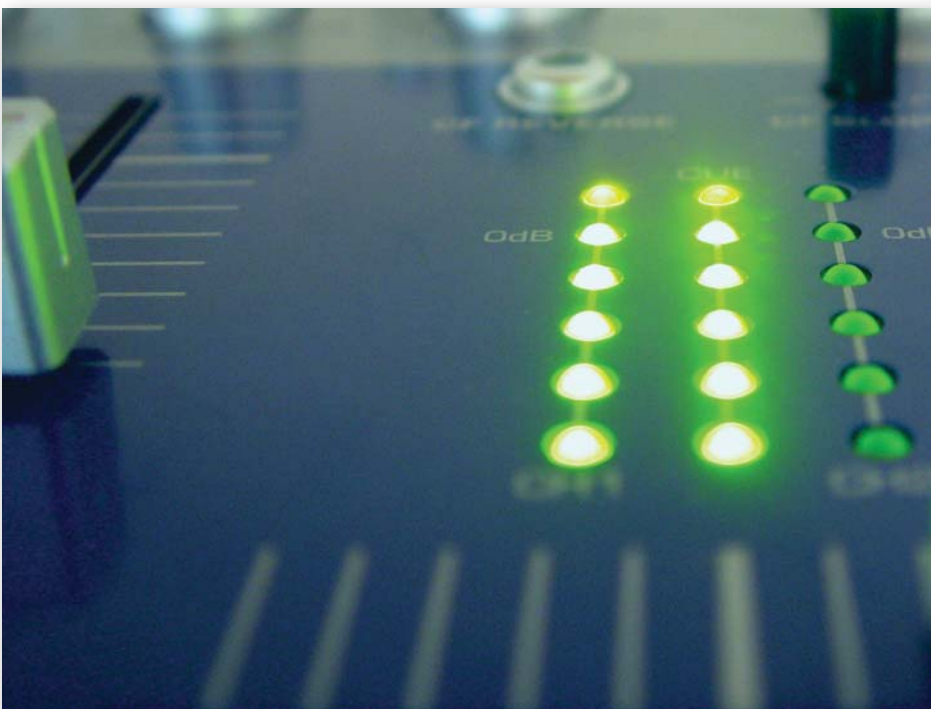

# avashare

**audio and video technology integration**

Providing solutions for **boardrooms, classrooms, houses of worship, home theaters, custom homes, commercial spaces** and **auditoriums**, Avashare specializes in integrated systems that will communicate your message in a clear and powerful way.

We look forward to sitting down with you to discuss your needs.
